

“Into the Wind” is a year-long powered-paragliding adventure – shot on location in scenic Colorado, Florida, Texas, and Mexico. “Into the Wind” will put you in the pilot’s seat *and* take you on a journey of discovery where two new pilots learn to fly. This documentary features travel, surreal cinematography from the air, an awesome soundtrack, and even a sense of humor – making “Into the Wind” a must-see for all audiences.
